Notary Consumer Disclosure Requirement (SB 1050)

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

Effective **January 1, 2015**, pursuant to Senate Bill 1050, the Siskiyou County Assessor/Recorder's Office will require the Notary Consumer Disclosure. This bill requires a legible notice at the top of the certificate of acknowledgement in an enclosed box, stating that the acknowledgement, proof of execution, or jurat verifies only the identity of the individual who signed the document to which the acknowledgement, proof of execution, or jurat is attached, and not the truthfulness, accuracy, or validity of the document.

Documents where the person appeared before a notary or other officer on or after **January 1, 2015** must have this disclosure or will be rejected. Documents acknowledged before January 1, 2015 will be accepted for recording and must meet current applicable statute.

This requirement has been made in accordance with the legislative amendments to Section 1189 and 1195 of the Civil Code, and to amend Section 8202 of the Government Code, relating to notaries public.
