**ENDORSED-D. BROOKS**

Lead Agency: Same

**Subject:** Filing of Notice of Determination in compliance with §21152 of the Public Resources Code.

**State Clearinghouse Number:** SCH 2021010086

**Project Title:** College of the Siskiyous Facility Master Plan Update

**Project Applicant:** Siskiyou Joint Community College District

**Project Location:** The project is located on the College of the Siskiyous Campus in the City of Weed, primarily in Section 11, Township 41 North, Range 5 West, of the U.S. Geological Survey Weed quadrangle. The modified proposed improvements would be constructed on the east side of campus.

**Project Description:** The Board of Trustees of the Siskiyou Joint Community College District adopted an MND for the project on February 23, 2021 (State Clearinghouse Number 2021010086). The MND addressed proposed renovations and new construction on the Weed Campus property that are anticipated to be completed as funding becomes available. Proposed improvements included the construction of a new student housing building (96,080 square-feet) on the east side of campus south of Ponderosa and Juniper Halls. Following adoption of the 2021 MND, District staff re-evaluated the project and determined that revisions to the proposed improvements to the Theater Building and McCloud Hall were necessary. An Addendum to the MND was prepared and made available through the State Clearinghouse for public agency review on November 29, 2022. Following adoption of the previous Addendum, District staff re-evaluated the project and determined that revisions to the proposed location for the Student Housing Building were necessary. With the modified project, the proposed Student Housing Building would be relocated to an existing parking lot north of the original proposed location and the building would be redesigned as a two-story building (total of 36,475 square-feet).

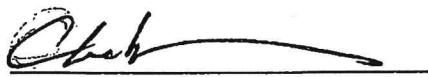

This is to advise that the Siskiyou Joint Community College District Board of Trustees (Lead Agency) approved the above-described project on January 21, 2025, and made the following determinations:

1. The project will not have a significant effect of the environment.
2. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A Statement of Overriding Considerations was not adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the Mitigated Negative Declaration and record of project approval are available to the General Public at:

College of the Siskiyous  
Office of the Superintendent/President

Revised 2011

**SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT  
RESOLUTION 2022-2023-06**

**ADOPTING AN ADDENDUM TO THE PREVIOUSLY ADOPTED MITIGATED NEGATIVE  
DECLARATION FOR THE COLLEGE OF THE SISKIYOU FACILITY MASTER PLAN UPDATE**

**WHEREAS**, in accordance with California Public Resources Code Division 13 (California Environmental Quality Act [CEQA]), and California Code of Regulations Title 14, Division 6, Chapter 3 (CEQA Guidelines), the Board of Trustees of the Siskiyou Joint Community College District (Board) prepared an Initial Study (IS) and adopted a Mitigated Negative Declaration (MND) for the College of the Siskiyou Facility Master Plan Update (project) (State Clearinghouse No. SCH 2021010086) on February 23, 2021, and

**WHEREAS**, following adoption of the MND, Siskiyou Joint Community College District staff re-evaluated the project and determined that rather than demolishing McCloud Hall and the classroom wing of the Theater Building and expanding the Theater Building, structural improvements and upgrades to both McCloud Hall and the Theatre Arts Building are the most cost- and time-effective solution, and revisions to the project were required. An Addendum to the previously adopted MND was prepared in accordance with §15164 (b) of the CEQA Guidelines; and

**NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:**

1. The Board hereby finds and determines that:
  - a. The foregoing recitals are true and correct.
  - b. None of the conditions described in §15164 of the CEQA Guidelines apply to the project as amended, and the proposed project revisions necessitate only minor technical changes or additions to the previously adopted MND.
  - c. No new significant environmental effects, or a substantial increase in the severity of previously identified significant effects, would occur as a result of the project revisions, and no additional mitigation measures are required. The monitoring and reporting of mitigation measures for the project will be conducted in accordance with the previously adopted Mitigation Monitoring and Reporting Program (MMRP).
  - d. Based on the whole record (including the Initial Study, MND, Addendum to the MND, and all supporting documentation), and the mitigation measures incorporated into the project, the Board has determined that there is no substantial evidence that the project, as amended, will have a significant effect on the environment.
  - e. The Addendum to the previously adopted MND, with its supporting documentation, reflects the independent judgement and analysis of the Board, which is the lead agency for the project.
2. The Board hereby adopts an Addendum to the previously adopted MND for the project, pursuant to §15074 of the CEQA Guidelines, finding that the project will not have a significant adverse effect on the environment that could not be mitigated.
3. The location and custodian of the documents and all other materials that constitute the record of proceedings upon which the Board based its decision to adopt an Addendum to the previously

adopted MND is: College of the Siskiyous, Office of the Superintendent/President, 800 College Avenue, Weed, CA 96094.

**PASSED AND ADOPTED** by the Board of Trustees of the Siskiyou Joint Community College District this 15<sup>th</sup> day of November, 2022, by the following vote:
