

## **SISKIYOU COUNTY 2017-2018**

### **CIVIL GRAND JURY FOREPERSON**

**To the Court:** Thanks to Judge Davis for graciously extending your time, legal expertise and guidance. You and your staff went above and beyond to help the Grand Jury meet our goals and responsibilities.

**To County Counsel:** Thanks for all of your help, your legal opinions, your precise direction and suggestions...all done with care and consideration for the independence of the Grand Jury.

**To County Administration Office staff:** Our budget, supplies, our chambers... Thanks for all of your assistance and support.

**To the Citizens:** Thanks for giving us (Grand Jury) the opportunity of serving our county. We have met our burden to the best of our abilities. We have done our part. We have let our light shine; that is all we can do. Now you must do your part. Read our reports and take any appropriate action. For we, the Siskiyou County Civil Grand Jury, are just the watch dog. You are the dog owner, and as such, when alerted, get involved. Our freedom depends on you. "Government of the people, for the people, and by the people". Get involved! If not us, who? If not now, when?

**To the Jury:** God Bless You. I loved working with you. I haven't had this much fun since coaching baseball/soccer kids! What a great group of individuals from county-wide...with all of our differences to come together and meet our goals. Thanks for your dedication and commitment. Thanks for challenging me, yourself and the system to be our best. Thanks for the memories...

Harold McFall
