The public needs to be aware fire apparatus and crews will be observed in the area for several days or weeks. Fire activity can change rapidly and the public needs to be vigilant and ready to move in case the situation in the area changes. Since wildfire has burned thru this area, this area may still be hazardous. When driving to your property check for hazards. At your property check for fire or fire damage. If your services are off, check for burned service equipment and facilities. When you have secured safety outside of your home, check inside for fire or damage. **For more information about wildfire preparedness visit: <http://www.readyforwildfire.org>**
