12/5/2022 Request

6. Is the contractor responsible for maintaining the building (i.e. painting, concrete repair, roof repair)?
 - 4.0 Operation of Transfer/Recycling Station in the Contract
 - a) Section A – General Provisions
 - 6.0 General Terms and Conditions
 - a) Section D – Repair and Maintenance of Facilities
7. Are there any other third-party companies that routinely work and utilize the transfer station? (e.g. trucking companies, county and city equipment)
 - The Yreka Transfer and other commercial, County and City haulers use the site to dump
8. Can the County provide current staffing levels, by position type? Does the county have a minimum staffing expectation?
 - 6.0 General Terms and Conditions
 - a) Section F – Personnel – Minimum of 3 employees there is no max of how many employees it will need to take to operate the Transfer Stations.
9. If there is a significant change in inbound tons over the course of the Agreement, would the contractor have the ability to work with the County to adjust staffing levels and contractor compensation?
 - All fees are approved by ordinance. If at any time the Contractor needs to adjust fees they will have to work with the Sanitation Department in a timely manner to present to the Board of Supervisors
 - County would like to see at least 3 Staff at all times if more is needed that is at the Contractors discretion.
10. Does the County currently have an inclement weather mitigation plan that it can share? Is there an expectation that the contractor provides one at the start of the agreement?
 - Yes, please provide an inclement weather mitigation plan.
