## Review Form

### Shasta Groundwater Sustainability Plan

---

Dear Reviewer,

Per SGMA requirements, a Groundwater Sustainability Plan (GSP) has been developed for the Shasta Valley groundwater basin. The GSA has released a complete draft GSP and has initiated a 45-day public review and comment period and seeks input from all beneficial users of groundwater.

#### REVIEWER INSTRUCTIONS:

Given the large number of reviewers, accommodating track changes or other editing options within the original draft sections distributed to all committee members is not possible. Please consider using this reviewer form with the following instructions:

- Use the form below to provide comments. Feel free to add additional lines to the form as needed.
- For suggested text changes, please copy and paste the text you wish to change and place your suggested edits in track changes or strikethrough features in this document. What's important is that technical staff can see *both* the original draft text and your distinct suggestions.
- Note the **Chapter, Page, Section, and line number**—from the PDF version of the draft GSP section—where your comment, question or suggested text edit begins.
- Examples of how to provide feedback are listed in the review form below. These examples are not actual comments and are made up to show how the table should be used. Feel free to delete these examples with your submission, and only include your feedback.
- To comment on a figure or table, in the line number column on the reviewer form note the figure number *and* the page number and type your comment in the text section to the right.

Please email comments directly to ([sgma@co.siskiyou.ca.us](mailto:sgma@co.siskiyou.ca.us)). Include in the subject line the basin you are commenting on. If you are making comments on multiple basins, send as separate comments.

**Please send your comments no later than end of day September 26, 2021. Comments will not be accepted on or after September 27<sup>th</sup>, 2021.**

Please use the following file nomenclature in saving your review document:

*ShastaGSP\_PublicReviewDRAFT\_[Your name]\_date*

Thanks for contributing to the draft Groundwater Sustainability Plan for the Shasta Valley Groundwater Basin

Submission date:

GSP sections reviewed:

Chapter	Page	Section	Line/Table/Figure #	Comment <i>(please delete example text below once you submit)</i>	
Chapter 2:			151-153	Need to define what constitute a domestic well upper bound. Is it 450 gpm? 100gpm?	GS-001
	35	2.2.1.2	figure#8	Graph depicts data up to 2005 yet verbiage states 2020	GS-002
	39	2.2.1.2	Figure #12	Need to define xxx place holders. Probably just overlooked	GS-003
Chapter 3:	7	3.3	178-188	What about large capacity well which are on large generators and do not have a large land base case in point is APN: 019-661-410-000 which has a 2,500-gallon capacity well on 4.06 acres.	GS-004
Chapter 3:	9,10		Figure 1,2	x-axis needs to be cleaned up. Maybe just being/end value	GS-005
	35	3.4.1.1	599-605	Excessive number is ambiguous statement. What number determined excessive?	GS-006
