

Shasta Valley Designated Groundwater Basin

Groundwater Basin Prioritization Under the Sustainable Groundwater Management Act

This is an overview of the Shasta Valley groundwater basin designated as a medium-priority basin by the California Department of Water Resources (DWR). This map details those portions of the Shasta Valley groundwater basin that are subject to the requirements of the Sustainable Groundwater Management Act.

Disclaimer
This map was prepared for informational purposes only. Lines, roads, topography, culture and other planimetric features shown on this mapping are compiled from many different sources and may not be, necessarily, current or reliable. No liability for the accuracy of the data shown on this map is assumed.

This map was created for Siskiyou County Natural Resources. The layers originated from the State of California Department of Water Resources and other county and federal datasets. This map was designed as a reference to give approximate locations of groundwater monitoring basins and wells in Siskiyou County.
