Home Occupation Use Permit Application Guide

What is a Home Occupation Permit?

A Home Occupation is a small-scale business in an existing residence allowed in residential (Res.-1, R-R) and agricultural (AG) zoning districts and conducted for the purposes of developing personal and professional skills.

How Do I Obtain a Home Occupation Permit?

The Siskiyou County Planning Division will provide you with the application and zoning information. Application forms are also available online. The application must be filled out by the applicant; however, the property owner must sign the application. The application is reviewed by County Planning and other County departments prior to action by the Deputy Director of Planning or, if appealed, action by the Planning Commission.

What Kind of Information Must I Provide on the Application Forms?

Basic information is requested such as name, address, location, Assessor's parcel number, access, square footage, utilities, etc. You are also asked to describe your proposed home occupation, provide photographs of the property and a location sketch and a plot plan. In addition, you should submit the names and addresses of adjacent property owners within a 300-foot radius of the project site, along with a copy of the current Assessor's Plat Map showing the property location and the 300-foot radius plot lines. A Grant Deed verifying property ownership is required.

How Much Will the Application Process Cost?

- *Planning Department:* The Siskiyou County Planning fees can be obtained from the third page of the Department's "Application for Development Review." Also, Section 10-6-1601 of the County Code provides additional information on development fees. Planning fee checks should be made payable to Siskiyou County.
- *Siskiyou County Clerk (optional):* May be paid upon project final approval by Deputy Director of Planning for posting of NOE by County Clerk. Checks should be made payable to Siskiyou County Clerk.
- *Siskiyou County Public Health Department:* Most projects require Environmental Health Department sewer and water clearance prior to filing the Planning Department application. Please contact the Siskiyou County Environmental Health Department to determine the fee and obtain the application requirements.
- *Siskiyou County Tax Collector:* Check with the Tax Collector's office to determine the current annual business license fee.

How Long Will This Take?

The Home Occupation Use Permit process can take from 25 to 30 days, depending upon when the application is accepted by County Planning. This precludes an appeal period between approval and issuance of a permit.

Who Reviews and Who Approves This Application?

County Planning coordinates its review with the County Building Division, the Environmental Health Division, and the Assessor's office, as well as any other agency who may be affected, including any applicable Property

Owners Association/Homeowners Association. The Deputy Director of Planning makes the decision on the application. This decision can be appealed to the Planning Commission.

When Will the Permit be Issued?

There is a 10-day appeal period after approval by County Planning; if not appealed, the permit is issued and is good as long as it is in continual use. It must be put into operation within one (1) year after approval or it is voided. If County Planning action is appealed, the County Planning Commission will decide the matter in public hearing.

Right to Farm: Siskiyou County has established agriculture as a priority use on productive agricultural lands, and residents of property in agricultural districts should be prepared to accept some inconvenience or discomfort from normal and necessary farm operations. As part of the application approval process, a **Right to Farm Statement of Acknowledgment** will be required. Your application will not be considered to be complete and ready for formal processing until such time as the signed and notarized Right to Farm has been completed, recorded at the County Recorder's Office, and a copy of the recordation has been submitted to the Planning Department. The Right to Farm Statement of Acknowledgment is included in the [Application for Development Review](#).

Note: Business licenses and building permits cannot be signed off by Planning until after the appeal period has lapsed.
