

Vacation Rental Activity Permit Frequently Asked Questions (FAQ)

What is a Vacation Rental Activity Permit?

The Activity Permit is a ministerial permit, issued by the Planning Director. It is a three (3) year permit, to expire on December 31st of the third year of the permit. For example, if your Activity Permit was issued on July 1, 2024, it would expire on December 31, 2026.

What do I need to do before I submit my application?

There are several agencies you will need to contact to request an inspection of the property. This information can be found within the Application. These inspections must be completed and documents verifying compliance must be included with your application in order for it to be considered a complete application.

Additionally, you will need to provide copies of the current Deed, Site Map and other documents as specified in the application form.

What are the Fees to Process this Application?

- Use Permit \$525
- Environmental Health \$200
- Building Inspection Fee \$94

Total estimated fees to process a Vacation Rental Activity Permit are \$819. However, if your application receives 50 percent or more protest letters, as described in Section 10-6.6106 (See *Appendix 2*), it will become a discretionary permit that must be reviewed and approved by the Planning Commission. If your application must be submitted to the Planning Commission for approval additional fees may apply.

What happens if my application is deemed incomplete?

Planning staff will notify you by email if your application is incomplete. A list of required items will be provided in that notice. If your application is not determined to be complete and ready to be processed within six months of the incomplete notice, the application will be deemed expired.

If the required items are provided to the Planning Department prior to the expiration date, your application will be processed accordingly.

When will I get my permit?

Once your application package is deemed complete, notice of your proposed permit will be mailed to property owners within 300 feet of the proposed Vacation Rental. These owners will have 30 days from the date of the notice to submit letters of opposition to the issuance of the permit.

If less than 50 percent of the property owners submit letters of opposition, your application will be submitted for review and approval to the Planning Director.

Estimated Timeline

- 30-day review for Application Completeness by the Planning Division.
- 30-day comment period for neighboring property owners.
- 30-day final processing by Planning Division.

If more than 50 percent of the property owners submit letters of opposition, your application will be reviewed to verify it meets all requirements of the Siskiyou County Vacation Rental Ordinance and you will be notified that your project will be scheduled for Public Hearing before the Planning Commission.

Estimated Timeline

- 30-day review for Application Completeness by the Planning Division.
- 30-day comment period for neighboring property owners.
- 30 to 60-day preparation and scheduling for Planning Commission.
- 10 to 30-day appeal period after Planning Commission decision.

Please note that the Planning Commission meets only once per month. Your project will be added to the first Commission Meeting Agenda in which the required Public Hearing Noticing requirements can be met.

Siskiyou County Vacation Rental Ordinance

ARTICLE 61 – VACATION RENTALS

Sec. 10-6.6101. Purpose

The purpose of this Article is to regulate the use of vacation rentals within the unincorporated areas of the County. The regulations are intended to minimize the potential adverse secondary effects of vacation rentals on surrounding neighborhoods, to prevent the increase and over-concentration of transient and commercial uses in residential neighborhoods and zoning districts, to impose reasonable limitations to ensure the long-term availability of housing stock in compliance with the general plan, local regulations, and other policies, and to ensure neighborhood compatibility with the vacation rental use.

Sec. 10-6.6102. Definitions

- A. Vacation Rental: means a single or two-family dwelling which is rented for periods of not more than 29 consecutive days to transient occupants. Where two (2) or more single or two-family dwellings legally exist on a single parcel, only one dwelling unit may be considered a short-term rental subject to the provisions of Article 61.
- B. Property owner: The person or business who is the property owner of record upon the County Tax Assessor’s records.
- C. Vacation Rental Activity Permit (“VR Activity Permit”): A permit issued by the County under the authority of this Article which permit authorizes a property owner to operate a vacation rental for a period of 29 consecutive days or less.

Sec. 10.6.6103. Operation of a Vacation Rental without a Permit

It is unlawful for any person, including any property owner, to establish, advertise or operate a vacation rental in the unincorporated area of the County without first obtaining a VR Activity Permit. The possession of other types of State or County licenses or permits shall not exempt the person from obtaining a VR Activity Permit under this article.

A property that is proposed to be the site of a vacation rental for which an Activity Permit is to be issued must meet the following conditions and standards:

- A. The property is located in one of the following zoning districts: Res-1, Res-2, Res-3, Res-4, C-R, C-U, C-C, C-H , R-R, AG-1, or AG-2.

The vacation rental structure shall be a structure described in Section 10-6.6102 and shall not be any of the following: an Accessory Dwelling Unit (ADU), a shipping container, an outdoor area (including tipis (teepees), yurts, and treehouses), a van or recreational vehicle, or any other structure that is unpermitted for human habitation.

- H. Smoke and carbon monoxide detectors are installed upon the property in accordance with current building codes.
